crushing the cost of waste disposal

Ag-mac V75 Multi Chamber Waste Baler

Use a baler to convert waste packaging material such as cardboard, plastic and paper into dense, space-saving bales, reducing volume by as much as 90%.

Multi Chamber Baler Benefits:

- Saves time: one chamber can be loaded while the other is busy compacting
- Provides an efficient way of separating different materials for recycling
- Enables high volumes of waste to be processed in locations where height is restricted

Key Features

- Safe and simple to use; bales tied with soft polyester strapping
- Roller-guided compaction head for ease of movement between chambers
- Robustly engineered for long life; minimal maintenance required
- Additional chambers – up to six in total - can be specified
- 12-month manufacturer's warranty
