

AG-MAC

crushing the cost of waste disposal

Ag-mac BP240 Bin Press

The BP240 Bin Press achieves an impressive compaction ratio of up to 5:1 to maximise utilisation of standard 240l waste bins. Reduced frequency of emptying – and/or fewer bins – improves efficiency and can deliver real cost-savings.

These machines are suitable for general waste – including wet or dry kitchen material - and are ideal for hospitality establishments, fast food outlets and any business seeking to reduce the cost of bin uplifts.

Key Features

- Can be sited outdoors
- Robustly engineered for long-term reliable performance
- Bin fully enclosed during compaction
- Options: auto-compact cycles; insert for compacting bagged waste
- 12-month manufacturer's warranty

BP240 Specification

Compaction Ratio	5:1
Press Force	2 tonne
Cycle Time	20 seconds
Machine weight	270kg
Noise Level	70 decibels
Power supply	1.5kW 13A 220-230V
Dimensions (HxWxD)	2360 x 780 x 780mm
